HOME LOANS

RENTING VS. OWNING

THINGS TO KNOW

- There are many loans available with very low down payment options
- There are loans to help people with different credit and income situations
- The monthly cost of owning a home is similar or less than renting in many areas

Consistent Payments

Rent can increase at any time, you can choose a monthly mortgage payment that never goes up.

Return on Investment

Owning a home means paying yourself. Every month you pay down your loan and owe less.

Build Wealth

Did you know that real estate historically goes up in value over time? Many homeowners use real estate as an investment vehicle.
